

This diagram shows an exploded perspective view of a disc drive assembly. At the top is a top cover 201 with a central opening 220. A disc 221 is positioned within this opening. Below the top cover is a disc tray 20, which has a central opening 21 and a side opening 23. The thickness of the tray is indicated by 'd', and the diameter of the central opening is indicated by 'D'. The tray is shown in a partially open position. Below the tray is the main drive housing 200, which contains a disc motor 210 and a disc clamp 230. The disc 221 is shown in its stowed position within the housing.
